

SM01-WP10

SMART WIFI SOCKET WITH ENERGY CONSUMPTION INDICATION

DESCRIPTION:

- control and monitoring of energy consumption via smartphone
- maximum power output: 2300 W (10 A)
- remote control from anywhere in the world
- ability to set power schedule and timer
- free to download Tuya Smart App for Android and iOS mobile devices
- easy-to-use and install – the whole configuration takes about 1-2 minutes
- compatibility with IFTTT, Google Home and Amazon Alexa
- history of power consumption shown on graphs
- LED indicating the device's operating mode lightly illuminates outlet's entire frame
- highest grade materials and design
- made of non-flammable materials
- safety feature switching the device off after exceeding the established load threshold

PRODUCT SPECIFICATION:

Input voltage	AC 110 V-240 V, 50/60 Hz
Maximum load	10 A / 2300 W
Socket type	F
LEDs	Blue and Red
Management	via Tuya Smart App
Wi-Fi standard	802.11 b/g/n
Supported frequency band	2.4 GHz
Temperature range	-20~45°C
Humidity	80%
Features	Remote access, operation schedule, energy consumption etc.
